Tips

- To pop your #1 up a little, try cutting a couple of the same shape & layer to give more depth prior to adhering to the Onsie
- For greeting, punch out a couple of shapes with Classic Punch, layer together before adhering greeting to top – will give more depth & create a stronger Banner Shape
- If you don't have a Number Die, try using Flowers, Buttons, etc
- If no matching Ribbon, use Card or DSP. This can be dry embossed, stamped on or left plain
